Abigail Kressner

http://cv.abbiekressner.com

Mailing address

56 Mobile Ave NE, Apt B, Atlanta, Georgia, USA, +1 630 426 9060

Education

2015 May Ph.D. Electrical and Computer Engineering · Georgia Institute of Technology

Thesis: Structure in time-frequency binary masking

Advisor: Dr. Christopher J. Rozell

2011 August M.S. Electrical and Computer Engineering · Georgia Institute of Technology

Thesis: Auditory models for evaluating algorithms

Advisor: Dr. Christopher J. Rozell

2007 December B.S. Biomedical Engineering · Washington University in St. Louis

Awards

2014-2015	National Science Foundation (NSF) Graduate Research Opportunities Worldwide (GROW)
2014	Chih Foundation Research Award
2010-2015	National Science Foundation (NSF) Graduate Research Fellowship Program (GRFP)
2010-2013	National Defense Science & Engineering Graduate (NDSEG) Fellowship
2009-2013	President's Fellowship · Georgia Institute of Technology
2011	ISAAR and GN Foundation Young Scientist Conference Scholarship
2010	21st Annual SAIC Student Paper Competition · First place
2004-2007	Jeffrey & Nancy Balter Biomedical Engineering Scholar \cdot Washington University in St. Louis
2004-2005	Society of Women Engineers Scholar

Work experience

National Acoustic Laboratories · Sydney, Australia · 6/2014 to 2/2015

► Implemented a system that facilitates evaluation of signal processing algorithms with cochlear implant recipients in a realistic virtual environment

United Sciences, LLC · Atlanta, Georgia, USA · 6/2013 to 3/2014

► Advised in the areas of acoustics and signal processing for new product development

Widex A/S · Vaerloese, Denmark · 1/2008 to 7/2008

Investigated the influence of earmold venting on hearing aid feedback to identify a better protocol for vent placement

Knowles Electronics, LLC · Itasca, Illinois, USA · 5/2007 to 8/2007

► Investigated the use of two directional microphones for sound source separation in the ear canal

AuSIM, Inc · Palo Alto, California, USA · 5/2006 to 8/2006

► Collaborated with engineering team in designing a field communication system that creates true 3D spatial relationships among users

Teaching experience

Course development · Georgia Institute of Technology · 5/2013 to 6/2014

► Development of signal processing laboratory assignment based on psychoacoustic masking

Teacher's assistant · Washington University in St. Louis · 8/2007 to 12/2007

► Department of Biomedical Engineering · Quantitative Physiology

Tutor · Washington University in St. Louis · 8/2005 to 5/2007

 Subjects included Advanced Engineering Mathematics, Calculus, Differential Equations, and Engineering & Scientific Computing

Professional activities

2014-present	Reviewer for IEEE Transactions on Audio, Speech, and Language Processing
2013-2014	Member of American Auditory Society
2010-2014	Member of Institute of Electrical and Electronics Engineers (IEEE) and IEEE Signal Processing Society

Community activities

2010-2012 Board member of Revive Atlanta Initiative, Inc.
